Amsterdam, The Netherlands; 9<sup>th</sup> March 2015 - AerData, the provider of lease management, records management and engine fleet planning software announced today that **Strategic Air Finance**, an aviation investment company specializing in the acquisition and lease of commercial aircraft and engines, has selected AerData's CMS software for use in its lease management business segment.

AerData's Corporate Management System (CMS) is an industry-leading platform that supports all business processes in aircraft leasing and asset management.

Mike MacConnie, Partner, Strategic Air Finance said, "We were already familiar with the AerData brand and its people so it was an easy and logical choice to utilize its CMS product for our business. It will be an essential tool to help us manage our growing fleet of owned and managed assets."

Commenting on the announcement, Mark Nieuwendijk, Managing Director of AerData said, "We are pleased to announce Strategic Air Finance as our newest CMS customer. Strategic Air Finance, in choosing AerData, will realize the many benefits of using our industry standard lease and asset management platform to expand its business."
